

## AGEING WELL SUPPORT AT HOME FEES

Effective 1 November 2025

Support at Home services are provided either by Deaf Connect's own staff or external providers. These services are delivered in our client's preferred communication style.

Deaf Connect is focused on a consumer-directed care model and can provide other supports that are not listed here at our client's request.

Additional supports such as allied health, gardening care and nursing are supplied through third-party providers, and their costs may vary. A minimum visit time is 45 minutes.

<b>CLINICAL Clients pay nothing for clinical services</b>
