

AUSLAN ALPHABET

Australian Sign Language (Auslan) is the language used by the Australian Deaf community.

It's fun to learn, and our Introduction to Auslan classes give you the basic skills and knowledge required to communicate with many Deaf Australians.

You will start with the Introduction to Auslan 1 for basic conversational skills and you can then build on your knowledge in our subsequent classes.

Classes are offered online and face-to-face and usually follow the school terms. They run for two hours per week for eight weeks. Intensive weekend workshops are also available in some regions.

For more information about classes and enrolments please visit
